INTRODUCTION

JK Tyre & Industries Ltd. is a leading Tyre manufacturer of the country with state-of-the-art manufacturing facilities. JK Tyre commenced manufacturing of Tyres in the year 1977 with initiation of operations at its Kankroli Tyre plant in Rajasthan. Taking the legacy further, the company since then has expanded its manufacturing base and today it has 12 manufacturing units - 9 in India and 3 in Mexico.

To cater to the increasing demand of mining and construction equipment industry, a dedicated manufacturing facility was set up in the year 2010 at Mysore, Karnataka. The facility made production of indigenous JK Tyre Ultra Large Off the Road (OTR) Tyres Range, a reality.

Equipped with most automated process and advanced technology coupled with highly modernized machinery, this facility enables the manufacturing of OTR Tyres ranging from smallest Forklift Tyre weighing 14 kgs to India's largest Rigid Dump Truck Tyre 40.00-57 weighing 3400 kgs and measuring 12 feet in height from the ground level.

Other JK OTR Tyres used for specific applications and machines are:

- Reach Stacker
- Empty Container Handler
- Rubber Tyred Gantry Crane
- Forklift
- Skid Steer Loader
- Self Loading Mixer
- Backhoe Loader
- Motor Grader
- Soil Compactor
- Pick & Carry Crane
- Truck Crane
- Concrete Pump
- Wheel Loader
- Underground Mining LHD
- Tipper Truck
- Pneumatic Tyre Roller
- Drill Jumbo
- Rigid Dump Truck

JK Tyre is one of the preferred supplier for leading mining equipment manufacturers such as Caterpillar and BEML. JK Tyre is also a trusted supplier to various Construction Equipment Manufacturers including JCB India, Tata Hitach, Doosan Bobcat, L&T Construction, ESCORTS, Action Construction Equipment and many more.

JK OTR Tyres are manufactured and supplied with an intent to facilitate lower cost of operations for its customers by providing best quality Tyres. The Tyres which cater to customers' specific needs and services engage customers on ground by providing best in class Tyre care.
